

GREETINGS ADVENTURER!

You've just grabbed our Sound Pack, a curated selection of sound effects from our extensive library. In the "General Audio" folder, you'll find the goods. And because we're always up for a challenge, we worked hard the last few days and also cranked out some fresh, new sounds and tunes specifically for the Global Game Jam 2023, with the theme "Roots" in mind. Use them wisely to level up your jam experience. Additionally, we added a helpful "Guide" in the folder to give you an idea of how to make the most of the audio files. Happy jamming!

Don't forget to take a look at the "License Details" pdf. We wouldn't want any misunderstandings leading to unwanted visits from those pesky elves. Happy jamming!
